

FLAG Credit Union is pleased to introduce CardValet®, a mobile card management application that helps reduce fraud by allowing cardholders to monitor accounts with their smartphone and control how, when and where their debit card is used.

Benefits of

CardValet

Fraud Protection

- When your card is "off," no withdrawals or purchases will be approved
- Real-time alerts keep you informed when your card is used or declined
- Transaction controls allow your card to work only in specific locations or geographic areas

Control Spending

- Set spending limits for general use or specify thresholds by merchant types, such as gas, groceries or retail stores
- Establish controls by location and change parameters via your mobile device

Business Use

- Use transaction controls for merchant codes, locations and thresholds to ensure employee spending adheres to company policies

Review Balances and Transactions

- Monitor your finances anytime, anywhere by using the CardValet app to check your account balances or review recent card transactions

CardValet is ideal for users who want to actively manage their cards. CardValet's inventive and thoughtful approach to card management makes the user experience as

easy as possible. We are excited to offer this tool to our cardholders! Not only is CardValet user-friendly and convenient, but it will aid in our continued efforts to prevent fraud and identity theft for our cardholders.

Cardholders simply download the free app from the Apple® App Store or Google® Play Store, and then they can actively manage their debit cards.
